KEY ADDRESSES

Key Community Challenges and IMPAR Action Agenda

As you are aware, the Indian Muslim community faces several issues from image and perceptions to safety and security, and from peripheral economic participation to increased social and political marginalization. We believe both internal and external factors are responsible for this unfortunate situation. However, recently a distinct positive change has been observed in the community's attitude and focus, and there is newfound confidence and resilience, especially among Muslim youth and women which needs to be channelized by productive engagement for making a meaningful difference. While things seem to be improving and various socio-economic indices showing upwards trends, there are, however, a new set of challenges emerging, which has to be monitored, objectively analyzed, and proactively responded to. IMPAR has accordingly worked out the following specific action plans to make a difference in the social and economic condition of the community.

1. Operationalising IMPAR Monitoring and Response System.
2. Media and Policy Research and Advocacy Program.
3. Business Support Program for Start-ups and Scaling.
4. Government Schemes and Market Opportunity Connect Program.
5. Madrasa Engagement Program for Social and Community Services.

Few other interventions are equally important for which specific action units are being created to deliver and make an auditable impact. For other areas, actions will hopefully be organized within a month. In this regard, suggestions from members on any critical area would be added as a priority.

DEFUNCTING THE FALSE PROPAGANDA ABOUT IMPAR

On the 22nd of August, an Open Letter was written by Dr MJ Khan to counter the false propaganda against IMPAR.

The content of the said letter is reproduced hereunder verbatim:

I feel pain in writing this post and sharing my viewpoint on the continuing propaganda by vested interests against IMPAR since its formation. We decided to stay focused and work with sincerity and dedication rather than engaging with negative and regressive elements. But our silence seemed to give credence to their propaganda. They seem to believe as if rumor spreading is the noblest deed and propaganda is the surest Passport to Jannat. I feel pity to see that whatever is circulating is not only 100% fake but malicious too. Therefore, for the first time in 16 months, we are sharing IMPAR's viewpoint. I would like to request each IMPAR member and the community well-wishers to kindly share it as much as possible on social media platforms so that the facts are known and the vested interests do not succeed in further rumour mongering and misguiding the community.

I am pleased to share the second edition of the Covid work booklet compiled by IMPAR, after the first edition was released in May 2020. The second edition booklet contains the Covid related work carried out by IMPAR and many other NGOs, individuals, and organizations in different parts of the country. Local media covered it extensively. IMPAR work focussed on conducting sanitization drives at public places, food distribution at hospitals, free online doctor consultation programs, helping families with hospital admissions, emergency medical help, and livelihood support program. IMPAR also launched Corona Call Centre in association with the Indian Society of Healthcare. The work done by IMPAR and all other organizations was for all, irrespective of caste or creed. IMPAR is working on sustaining rather than accelerating this spirit of social work and service to humanity, which is the core philosophy of Islam.

Interactive Sessions

On 15th August IMPAR successfully conducted an interactive webinar with Ms Ghazala Wahab, author of 'Born a Muslim-Some Truths about Islam in India'. The author is the Executive Editor of a leading monthly Defence and National Security Magazine, FORCE. She has also co-authored the book, 'Dragon on Our Doorstep: Managing China Through Military Power'. Her recent book, 'Born a Muslim-Some Truths about Islam in India', is very articulate of what it likes to be a Muslim in India. This book is quite readable and perceptive on the challenges that India's Muslims are facing. Ms Ghazala draws on her personal experiences as well as political and historical facts to analyze the current situation of Muslims in India. The chapter at the end 'The Changing Face of Muslim Society' is especially insightful.

Ms Sheeba Aslam Fehmi (noted journalist) was the moderator of the event. She introduced Ms Wahab and shared Ms Wahab's credentials of how being a journalist of defense expertise, she authored a beautiful piece of the book, 'Born a Muslim- Some Truths About Islam In India'. Moreover, Dr MJ Khan appreciated the research work carried on while penning down the book, which paves a way forward to unravel the misconception of Islam's arrival in the Indian subcontinent. Finally, Mr Javed Yunus complemented Ms Wahab for her bold style of writing and wished her the best for her future endeavors.

COMMUNICATION WITH THE GOVERNMENT AGENCIES /ORGANIZATION

An email was sent to the Ministry of Education, Government of India for the withdrawal of the course on Jihadi Violence introduced by Jawaharlal Nehru University, Delhi.

The attention of the Ministry of Education was drawn towards the introduction of the course on "Jihadi Terrorism" by Jawaharlal Nehru University, Delhi, cleared in the meeting of the University Academic Council on August 17, 2021. This course is designed by Arvind Kumar, Chairperson of the Centre for Canadian, US, and Latin American Studies, JNU as briefed by him to the media persons. It was stressed over in the mail that the newly introduced course on Jihadi Terrorism will deteriorate the communal atmosphere on the campus and beyond, and it will unjustifiably build a negative image of Indian Muslims among fellow students.

Moreover, it was mentioned in the mail that earlier in 2018, DMC (Delhi Minority Commission) advised the JNU Registrar to introduce 'religious terrorism' as a subject because some followers of all major religions have used religion as a cover for their political ambitions. But this suggestion went in vain for 3 years, and then all of a sudden a modified version labelled as 'Jihadi Terrorism' surfaced in the curriculum. IMPAR has asked for the withdrawal of this course.

An email was sent to the Chief Minister and LG of Delhi, wherein, a request has been made to take necessary legal action against the accused and compensation of INR 1 Crore to the victim's (Rabiya Saifi) family members.

IMPAR drew the kind attention of Delhi's Chief Minister to the gruesome act of killing Rabiya Saifi (who was working in Delhi Civil Defense) by slitting her throat on the Surajkund-Pali road in Faridabad on 26 August 2021. It was stated in the email that this gruesome act of killing Rabiya Saifi has badly shaken the social equilibrium of Indian society and has placed women's security concerns at great risk in the Delhi region. So far, women's security has been policed and monitored by the abled administrator of Delhi, which has been severely dented by this activity. Such an unwanted, well-planned incident happening within the national capital may inflame the sentiments within the country. It may also trigger in creating negative perception of Delhi Police and Administration among the countrymen.

It was stressed over that in view of the aforesaid facts and circumstances, IMPAR, in the larger interest of women security and the community humbly seeks his kind intervention. IMPAR requested his good self to take cognizance of the Rabiya's murder case and compensate the deceased family by paying them INR 1 Crore.

Documentation Drive

One of the key concerns about the community is the large numbers of its people not having proper citizenship and entitlement documents, resulting in lower participation in social and political activities and lower access to government schemes and welfare programs. IMPAR has initiated a documentation drive through its District Councils. After a productive run in Uttar Pradesh, the same is being taken up in different locations in Delhi. We seek volunteers all over the country, who could give time on weekends and conduct this drive. Please join hands to bring about a positive change.

वक्फ संपत्तियों को कब्जाधारियों से हर कीमत पर मुक्त करायेगी सरकार!

नई दिल्ली, 5 सितंबर: अल्पसंख्यक मामलों के मंत्रालय के अधीन केंद्रीय वक्फ परिषद (CWC) के सदस्य रईस खान पठान ने आज नई दिल्ली में इंडियन मुस्लिम फॉर प्रोग्रेस एंड रिफॉर्म के अध्यक्ष डॉ. एमजे खान से मुलाकात की। इस मौके पर दोनों नेताओं ने समाज और वक्फ के मुद्दों पर विस्तार से चर्चा की। रईस खान पठान ने कहा कि वक्फ की समस्या बहुत गंभीर है। अगर पिछली सरकारों ने वक्फ संपत्तियों के मुद्दे को गंभीरता से लिया होता तो समस्याएं इतनी जटिल नहीं होतीं। उन्होंने कहा कि तत्कालीन सरकारों ने भी वक्फ संपत्तियों पर सरकारी भवन बनाए और निजी लोगों ने भी उस पर कब्जा किया, खुद मुसलमानों ने भी कब्जा किया। एक रुपये और दो रुपये में किरायेदारी तय की गई जो दुखद है। पठान ने कहा कि नरेंद्र मोदी के नेतृत्व वाली सरकार ने वक्फ संपत्तियों का किराया बढ़ाया, पुराने अधिनियम में संशोधन किये और आज सौभाग्य से स्थिति में सुधार हो रहा है। उन्होंने कहा, "हमें यह स्वीकार करने में कोई हिचक नहीं है कि अधिनियम अभी तक पूरी तरह से लागू नहीं हुआ है, लेकिन सरकार की मंशा सही है और मंत्री बहुत रुचि के साथ काम कर रहे हैं और एक दिन हम अपनी सोच में सफल होंगे।"

रईस खान पठान ने कहा कि कब्जा करने वालों से निवेदन है कि संपत्ति खाली करें या कार्रवाई के लिए तैयार रहें और लोगों से अनुरोध है कि जितनी जल्दी हो सके सभी संपत्तियों को पंजीकृत करा लें। पठान ने इम्पार के अध्यक्ष डॉ एमजे खान से अपील की कि अगर इम्पार परिषद से कोई सहयोग चाहता है, तो वह इसमें एक पल के रूप में कार्य करने के लिए तैयार है। वहीं, डॉ. एम.जे. खान ने इम्पार का परिचय कराते हुए कहा कि अगर इम्पार किसी तरह कौंसिल के कामों को समाज तक पहुंचाने में सहयोगी बन सकता है तो वह इस के लिए तैयार है। उन्होंने कहा कि इम्पार का उद्देश्य समाज को नकारात्मक सोच से बाहर निकालना, लोगों को रोजगार से जोड़ना और झूठी खबरों का मुकाबला करना है। डॉ. खान ने कहा कि हम लोगों को व्यापार और शिक्षा में शामिल करने और संवेदनशील मुद्दों पर तत्काल कार्रवाई करने के लिए कार्यक्रम विकसित कर रहे हैं और हमें विश्वास है कि हम जल्द ही एक बेहतर रूपरेखा पेश करने में कामियाब होंगे। उन्होंने कहा कि मुझे विश्वास है कि आने वाले दिनों में इम्पार की उपयोगिता और अधिक होगी। पठान ने कहा कि अगर वह समाज में बेहतर काम करने में इम्पार के सहयोगी बन सकते हैं तो उसमें उनको खुशी होगी।

PRESS RELEASE

IMPAR moves to set up National Monitoring and Response System- IMRC 03 September 2021

IMPAR has taken an initiative to set up a Monitoring and Response Centre (IMRC) at the national level, and later the same can be extended to the states and the district levels. Indian Muslim community faces a plethora of challenges from image and perceptions to safety and security, and from peripheral economic participation to increased social and political marginalization. While things seem to be improving, as various socio-economic indices showing an upward trend, there are, however, a new set of challenges emerging, which need to be monitored, objectively analyzed, and proactively responded to. The instances of biases, excesses, fake contents, negative narratives, physical assaults, and in some cases religious discrimination are regularly reported from different parts of the country, which require a fair understanding of the situations and appropriate responses, including legal interventions. This necessitates the need for having a system of monitoring, research, and response at the national level and also at the state and district levels for dealing with issues and developments concerning the community.

The national panel of IMRC is represented by members from a wide range of fields such as legal, research, media, police, army, bureaucracy, social work, and international affairs. An eleven-member team has been constituted which includes eminent personalities coming from varied fields. IMPAR hopes that IMRC will function and deliver efficiently to the intended objectives. While legal actions in some cases may be necessary, but the thrust will be on peacefully resolving issues and building better understanding in the society.

ADVISORY ISSUED

On 20th August 2021, IMPAR issued an advisory to refrain the masses from giving any statement regarding the Taliban

“तालिबान को लेकर बयानबाजी करने वाले सावधानी बरतें; इम्पार”

तालिबान को लेकर बयानबाजी करने वालों से इम्पार के राष्ट्रीय अध्यक्ष और संचालित समिति के सदस्य डॉ एमजे खान ने अपील की है कि यह समय बहुत नाजुक है, इसलिए सावधानी बरतें और जिम्मेदारी का सबूत दे. श्री खान ने कहा कि इस पूरे मामले में हमें भारत सरकार के पक्ष का इंतजार करना चाहिए। जब तक कोई सरकारी मत नहीं आ जाता है, तब तक हमें बयानबाजी से बचना चाहिए. डॉक्टर खान ने आगे कहा कि भारत ने हमेशा अफगानिस्तान की मदद की है, हमें यह नहीं भूलना चाहिए कि भारत ने अफगानिस्तान में पार्लियामेंट से लेकर रोड स्वास्थ्य केंद्र और शिक्षण संस्थान बनाए हैं और अफगानिस्तान भारत दोनों लंबे समय से एक दूसरे के सहयोगी रहे हैं। श्री खान ने आगे कहा कि पिछले कुछ दिनों में अफगानिस्तान में हुए अभूतपूर्व घटनाक्रम ने दुनिया को हैरान कर दिया है। स्थिति निश्चित रूप से चिंता का विषय है। तालिबान के साथ राजनयिक संबंधों पर फैसला हमारी सरकार देश के सर्वोत्तम हित में करेगी। परन्तु इम्पार समुदाय को सावधान करना चाहेगा, कि उसे अनावश्यक टिप्पणियों से बचना चाहिए। तालिबान इस्लाम का चेहरा नहीं हैं। समुदाय के कुछ राजनीतिक और धार्मिक नेताओं के हालिया बयान दुर्भाग्यपूर्ण, अनावश्यक और अपरिहार्य थे। अफ़सोस है कि हमारी मीडिया का एक धड़ा भी इस पर एकतरफा उकसाने जैसी रिपोर्टिंग कर रहा है जैसे हर मुद्दा सामाजिक धुवीकरण का एक मौका हो चाहे देश को कोई भी कीमत देनी पड़े। IMPAR को उम्मीद है कि तालिबान उचित कानून और व्यवस्था सुनिश्चित करेगा और सभी नागरिकों और विशेष रूप से महिलाओं, बच्चों और अल्पसंख्यकों के जीवन और सम्मान की रक्षा करेगा। तालिबान के शुरुआती बयान सौभाग्य से काफी सकारात्मक, आश्वस्त करने वाले और जिम्मेदार हैं। हम आशा करते हैं कि अफगानिस्तान के लोगों को, जिन्होंने पिछले 42 वर्षों में अनकही पीड़ा झेली है, अशांति और विनाश से राहत मिलेगी। वे शांति और प्रगति के उतने ही पात्र हैं जितने कि ग्रह पर कोई अन्य व्यक्ति। IMPAR को उम्मीद है कि तालिबान अधिक जिम्मेदारी से व्यवहार करेगा और दुनिया अफगानिस्तान के लोगों के बेहतर भविष्य के लिए उनके साथ अधिक रचनात्मक रूप से जुड़ेगी।

She worked for orphans, AIDS patients, refugees, blind, disabled, alcoholics, poor, homeless, victims of floods and epidemics, and famine.

IMPAR remembered Havildar Abdul Hamid

Quarter Master PVC Havildar Abdul Hamid was born on 1st July 1933 in Dhamupur village of Ghazipur District in U.P to Sakina Begum and Mohammad Usman, a tailor. In 1954, at the age 20, Abdul Hamid got recruited into the army at Varanasi. After undergoing training, he got posted to the 4th Grenadier Regiment in 1955.

When China had made incursions in Ladakh, Abdul Hamid was with 7 Mountain Brigade, 4 Mountain Division. The first war that he fought was in 1962 at Thang La pass against the People's Liberation Army of China.

But Havildar Abdul Hamid is remembered for the bravery he displayed against the Pakistani army. Pakistan had acquired the famous Patton tanks from America. With a fleet of these tanks, Pakistan had attacked a strategic location near Cheema village in Khem Karan sector between 9-10 September 1965. Abdul Hamid then commanded an RCL gun detachment on jeeps. The Indian army then did not have anti-tank mines, and an RCL gun was not effective enough to repel tanks. But on the 9th night when Hamid observed two Patton tanks surreptitiously sneaking in Indian territory, Hamid took cover by camouflaging his jeep in a sugarcane field. And when the tanks came close, he fired the RCL gun. One of the tanks caught fire and the other tank commander jumped out and fled. Sometime later, two more tanks crept in. They too met the same fate at the hands of Abdul Hamid. The story of infiltration continued all night and Hamid kept destroying and capturing deserted tanks. Altogether he had put to fire 7 Patton tanks and 6 were captured that night. Havildar Abdul Hamid died in a confrontation with the eighth tank that he encountered. This was on 10th September 1965 when he was 32 years old.

Havildar Abdul Hamid was awarded the highest gallantry award of Param Vir Chakra posthumously.
