IMPAR Letter to RSS Chief Sh. Mohan Bhagwat Ji regarding the Statement of UP's CM Yogi Adityanath

On September 30, 2021 IMPAR wrote a letter to RSS Chief Sh. Mohan Bhagwat Ji regarding the Statement of Chief Minister of Uttar Pradesh Yogi Adityanath. That letter appeals to communal harmony and brotherhood.

Dated: 30 Sept, 2021

IMPAR Letter to Sh. Mohan Bhagwat ji

Sir, let me put on record our deep appreciation for your very positive and bold messages and extremely constructive role in bringing the communities together for peace and prosperity of our country. We may however, wish to draw your kind attention to your recent statement at a function in Mumbai that Islam came to India through invaders. I wish to submit a different historical facts about the advent of Islam in India. As we know Islam came to South India (Kerala) almost 400 years before in 629 AC, whereas the first reported invasion in North India took place in 1002 AC. And the first masjid outside the Arab land was also built in 630 AC in Kerala. The historical records of the world are contained not only in the newly published books in India, but they are present in a much voluminous quantity all over the world in libraries, universities, personal collections, bookstores, as well as on the worldwide web.

Even before the advent of Islam in India or Arabia, the Arab traders had been coming to the coastal regions of south India for trade. They used to buy pepper, cinnamon, and cassia in exchange for dates and olive oil. It was in 629 C.E that Malik Deenaar, an associate of the companions of the Prophet came to Kerala with the message of Islam. The Chera King of Kerala heard him and on his instructions, the first mosque was built in Mithala, Kodungullar district, Kerala. That mosque stands there till today, though it was desecrated by the Portuguese in 1504 and then rebuilt. It is pertinent to note that the king, Cheraman Perumal, had also accepted Islam, and that mosque is today known as Cheraman Juma Masjid.

The conversions that took place were the result of the spread of the message of Islam through Sufi saints. Sir, the Indian peninsula has a chequered history that is so unique that it was marvelled upon globally, generating a great impetus to tourism. Nowhere in the world can a tourist witness the hustle bustle of Jama Masjid, the grandeur of Taj Mahal, the abounding history of Fatehpur Sikri, and then travel to Mathura to get coloured by the spirit of Holi, and move further to the *ghats* of Banaras to witness the *arti* from a boat. These are the stories that are talked about all over the world, which should bring people closer, rather creating dissension, discord and disagreements.

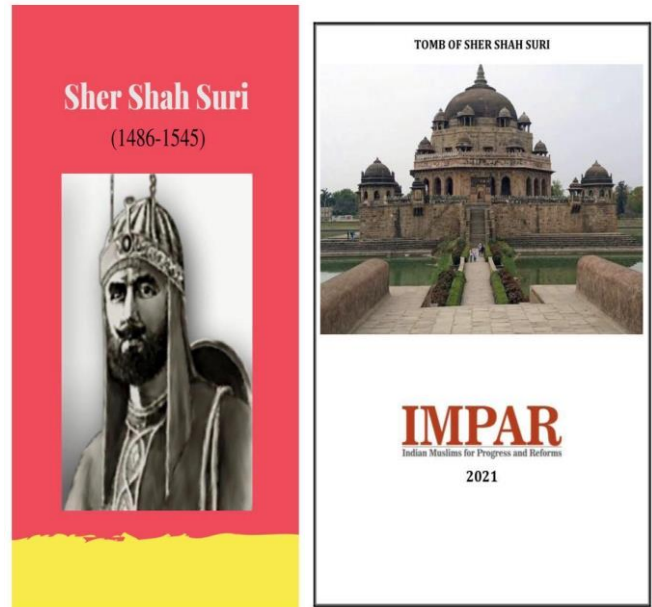

Let me again put our appreciation for your kind efforts in promoting peace and understanding in the society, and emphasise that at the sunset of our respective lives, let us please resolve to put an end to all disputes for the sake of leaving behind a platform upon which the next generation gets the chance to live in peace and harmony.

RESEARCH WORKS

Booklet on Sher Shah Suri

To keep the spirit of knowledge sharing alive and running, IMPAR research team prepared and presented a booklet on one of the greatest Indian King, Sher Shah Suri, born as Farid Khan in Sasaram, Bihar. This booklet on Sher Shah's achievements would serve as a guideline for administrative reforms and a path-breaking course to emulate, which may provide a way forward to act consciously on our talents in order to achieve the desired results. Moreover, this booklet manifests how a common man can reach the zenith of the world by his/her firm determination and accurate planning. IMPAR would keep continuing to present booklets and notes on the great personalities which can pave the way to success for the youths and coming generations.

Booklet on the Forgotten Heroes of India's Freedom Struggle

Ever since India got independence on August 15, 1947, scores of names are being celebrated both at the country and state level for the significant contributions they rendered to India's Freedom Struggle. Meanwhile, countless personalities are there who have been forgotten or ignored - either by the general masses or by the government - despite sacrificing their life on the way to India's Freedom Struggle. Plenty of Muslims are there on the forgotten list who have significantly contributed to India's Freedom Movement from every corner of the country.

Henceforth, in order to memorize and cherish the significant contributions made by our elders to achieve India's Independence, IMPAR hereby has presented those great heroes who fought for India's Freedom Struggle in their life. From July 2021, IMPAR has successfully created awareness among fellow Indians about the Freedom Fighters who lost everything in their lives for their love and dedication to the motherland, and subsequently compelling Britishers to leave India.

MEDIA COVERAGE

IMPAR says it is not becoming of a Chief Minister

The recent statement of the UP Chief Minister, Yogi Adityanath that those who use the term “abbajaan” ate the rations that were meant for the poor, was unbecoming of a chief minister. It is not only inappropriate but factually incorrect too, supported by no data on community wise offtake of schemes. This remark contains an endearing term for a father. The ration is consumed by all, irrespective of any specific community. It will be appreciable, and a statement justified if supported by data. There is no report available, which could suggest that during the previous Samajwadi Government the utilisation of ration or any other government scheme was higher by the community this remark reflects? Thus, the remark is nothing short of an undisguised attempt to vituperate the political atmosphere for no valid reason whatsoever. It appears to be a part of an oft-repeated strategy to polarise the sentiments of the society in the run up to the assembly elections in UP. Across the familial diaspora, Pita, Baba, Bapu, as well as Abba in the south are used to address a father. The term ‘abba’ is not exclusive to the Muslims alone but is used by members of other communities too. And ‘jaan’ in Urdu means life or life-giving. Hence, both words in combination form into a wonderful phrase for someone who has garnered admiration of all sons of the soil, and that is a redeeming feature of Indian heritage. Unfortunately, today, politicians relentlessly tear apart the very fabric they wear as a dress code for their profession or vocation, and they do not hesitate to use derogatory mutations of culturally pious words and phrases. Having said that, the least that is expected of a Chief Minister is to respect and uphold the dignity of fatherhood universally, and we call on the Hon’ble Prime Minister to rein in the Chief Minister in question and to ensure that there is no repeat of such statements in the future.

PRESS RELEASES

IMPAR Press Release regarding the immediate release of Islamic Scholar Maulana Kaleem Siddiqui from judicial custody

SEPTEMBER 22, 2021

The sudden arrest of noted Islamic Scholar Maulana Kaleem Siddiqui, (a resident of Muzaffarnagar, s/o- Late Haji Ameen) by Uttar Pradesh Anti-Terrorist Squad on Tuesday, 21 September (Tuesday) from Meerut can be observed as an effort of promoting enmity on the ground of religion against the entire Indian Muslim community. A person of such a scholarly status cannot be perceived as a danger in the maintenance of public order and prejudicial to the security of the State. The allegations of UP ATS that Jamia Imam Waliullah Trust -run by Maulana Kaleem Siddiqui- that funds several madrassas for which he received huge foreign funding seems baseless and politically motivated.

The arrest of Islamic Scholar Maulana Kaleem Siddiqui on charges of alleged religious conversions seems to be a political vendetta with a vested interest, that can also be observed as a violation of Article 26 of the Constitution of India which ensures the right to manage religious institutions, religious affairs, subject to public order, morality, and health. Moreover, Article 15 of the Constitution of India prohibits discrimination on the grounds of religion, race, caste, sex, and place of birth. Furthermore, Article 25 of the Constitution of India ensures freedom of conscience and the right to freely profess, practice, and propagate religion.

In the given contexts, IMPAR reiterates that if there has to be any religious conversion, then the name of any specific community should not be attached to it without an unbiased investigation. Some great names of Islamic Scholars have been grossly misused over the time by vested interests who want to tarnish the image of Islam and Muslims. In view of the aforesaid facts and circumstances, IMPAR humbly seeks the immediate release of Islamic Scholar Maulana Kaleem Siddiqui from judicial custody.

IMPAR Press Release related to the killing of two civilians in Darrang District of Assam

SEPTEMBER 25, 2021

The killing of two civilians during an eviction drive on September 23, 2021 (Thursday) in Dholpur, Darrang District of Assam ought to be condemned in the strongest of terms. As the whole incident captured on camera clearly broadcasts, the policemen armed with guns and sticks are chasing, attacking, and firing gunshots at the protestors, resulting in the brutal killing of teenager, Shakh Farid, and Moinul Haque, one of those who tried to resist eviction.

After collecting his Aadhaar card from the local post office, Shakh Farid was on his way home when he was caught in the brawl. He stood there as a bystander on the protester's side and was hit by a bullet when police opened fire. A bullet hit him in the chest and he died on the spot. The other person killed in the violence was Moinul Haque. Videos showed that he was charging at the police with a stick when he was savagely attacked at Dholpur village and was thrashed, shot and stomped upon to death by the police. In horrifying visuals, as he lay motionless on the ground, Bijoy Bonia, the cameraman kept attacking him until he was restrained. The police have arrested the cameraman. It is reported that Nadeem, one of the injured in the police firing, has also succumbed to his injuries.

This gruesome act of the killing of Farid Shakh, Moinul Haque, and Nadeem has badly shaken the confidence and social equilibrium of Indian society and has placed the minority's security concern at great risk in Assam. Moreover, the modus operandi of the police personnel has been severely dented by such a warlike activity.

In view of the aforesaid facts and circumstances, IMPAR, in the larger interest of minority's security, humbly sought the kind intervention of the government of Assam, and the Ministry of Home Affairs, and demanded the immediate suspension of the policemen and SSP till the release of the report of the judicial commission, which should investigate the role of the policemen and SSP. Moreover, IMPAR demanded compensation of 1 crore each to the families of Shakh Farid, Moinul Haque, and Nadeem.

Jain Paryushan Parva

On September 11, 2021, IMPAR wished to strive for self-purification and spiritual upliftment in order to practice universal values in our daily lives. Paryushan, also known as Parva Dhiraj, is the most important holy festival of Jains, which begins every year in August or September. In the literal meaning, paryushan means "to abide" and "to come together".

The festival is generally observed for 10 days by those belonging to the Digambara sect and for 8 days by those belonging to the Svetambara sect. This festival ends with the observation of Samvatsari or Kshamavani which means asking for forgiveness.

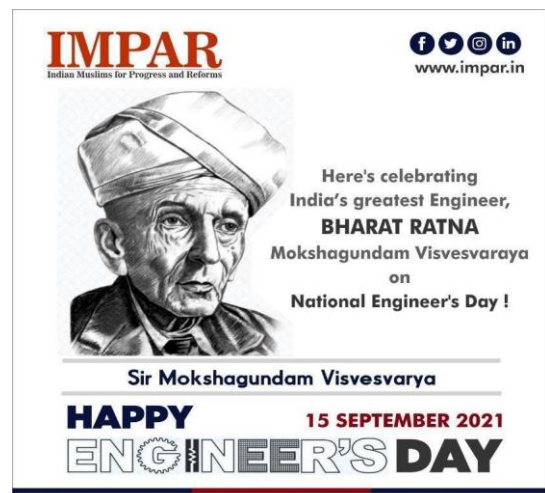

Hindi Diwas

On September 14, 2021, IMPAR celebrated Hindi Diwas to commemorate the adoption of Hindi as one of the official languages of the Constituent Assembly of India in the year 1949. Under Article 343 of the Indian Constitution, Hindi written in Devanagari script was adopted as one of the official languages. The birthday of Beohar Rajendra Simha i.e. 14th of September is celebrated as Hindi Diwas, because of the significant efforts made by him along with Hazari Prasad Dwivedi, Kaka Kalelkar, Maithili Sharan Gupt, and Seth Govind Das to adopt Hindi as the official language. Rajbhasha Kirti Puraskar and Rajbhasha Gaurav Puraskar are the two awards given annually on Hindi Divas by the Central Government of India.

One of the interesting facts about the Hindi language is that Hindi got its name from the Persian word 'Hind' meaning "Land of the Indus River". Moreover, the first Hindi poetry was written by Amir Khusrau, who was a Sufi singer, musician, poet, and scholar who lived under the Delhi Sultanate and was a spiritual disciple of Hazrat Nizamuddin Auliya of Delhi, India. Meanwhile, Hindi is also spoken in Mauritius, Fiji, Suriname, Guyana, Trinidad and Tobago, Nepal, marking its transnational presence. Hindi is a language of affection and brotherhood, IMPAR conveyed its heartfelt message to celebrate the richness and diversity of Indian culture on the occasion of Hindi Diwas.

As Finance Minister in Narasimha Rao's government, it was Manmohan Singh's grasp of the economy that was the catalyst of reviving the economy of the country when the world was facing an acute economic depression. Then later as Prime Minister, he brought in many more reforms in the economy, banking sector, foreign investments, farm and labour sector which collectively catapulted the GDP to 8-9%, and in the year it reached 9% to be second-placed in the leading economies of the world.

The countrymen owe a debt to Dr Singh for pushing through Kisan Loan Waiver, VAT, SEZ Act 2005, MNREGA, and executing a comprehensive nuclear deal with the United States of America.

Tribute To Bhagat Singh

On September 28, 2021, IMPAR profusely remembered Bhagat Singh on his 114th Birth Anniversary. Born in Village Banga, District Lyallpur, of Punjab (in modern-day Pakistan), Bhagat Singh is largely considered as one of the most influential revolutionaries of the Indian Nationalist Movement. Patriotism had taken its seed in Bhagat Singh's conscience from a very young age. By adulthood, he had inculcated a spirit of nationalism and craved a British-free India. He became the voice of the young generation of India because of his intense patriotism. He was involved with various revolutionary organizations and played a vital role in the Indian National Movement. He was martyred at the age of just 23 years and is remembered as "Shaheed".
