INDIAN MINORITIES

Social Fabric and Constitutional Provisions

- ❑ The Constitution of India uses the word 'minority' or its plural form in some Articles Article 20 to 30 and 350 A to 350 B, but does not define the word 'minority'.
- ❑ Article 29 of the Constitution of India has the word 'minorities' in its marginal heading but speaks of "any section of citizens having a distinct language script and culture".
- ❑ But the Status has been conferred to various groups. As per clause (c) of Section 2 of the National Commission for Minorities Act, six communities are declared as minority communities are:- Muslims, Christians, Sikhs, Buddhists, Zoroastrians (Parsis) and Jains.
- ❑ According to the Article 29 of the Constitution, any group living within the jurisdiction of India is entitled to preserve and promote its own language, script or literature, and culture.
- ❑ Article 36 states that a minority group whether based on religion or language shall have the right to establish and administer educational institution of their choice.
- ❑ Its citizens duty to value and preserve the rich heritage of our composite culture.

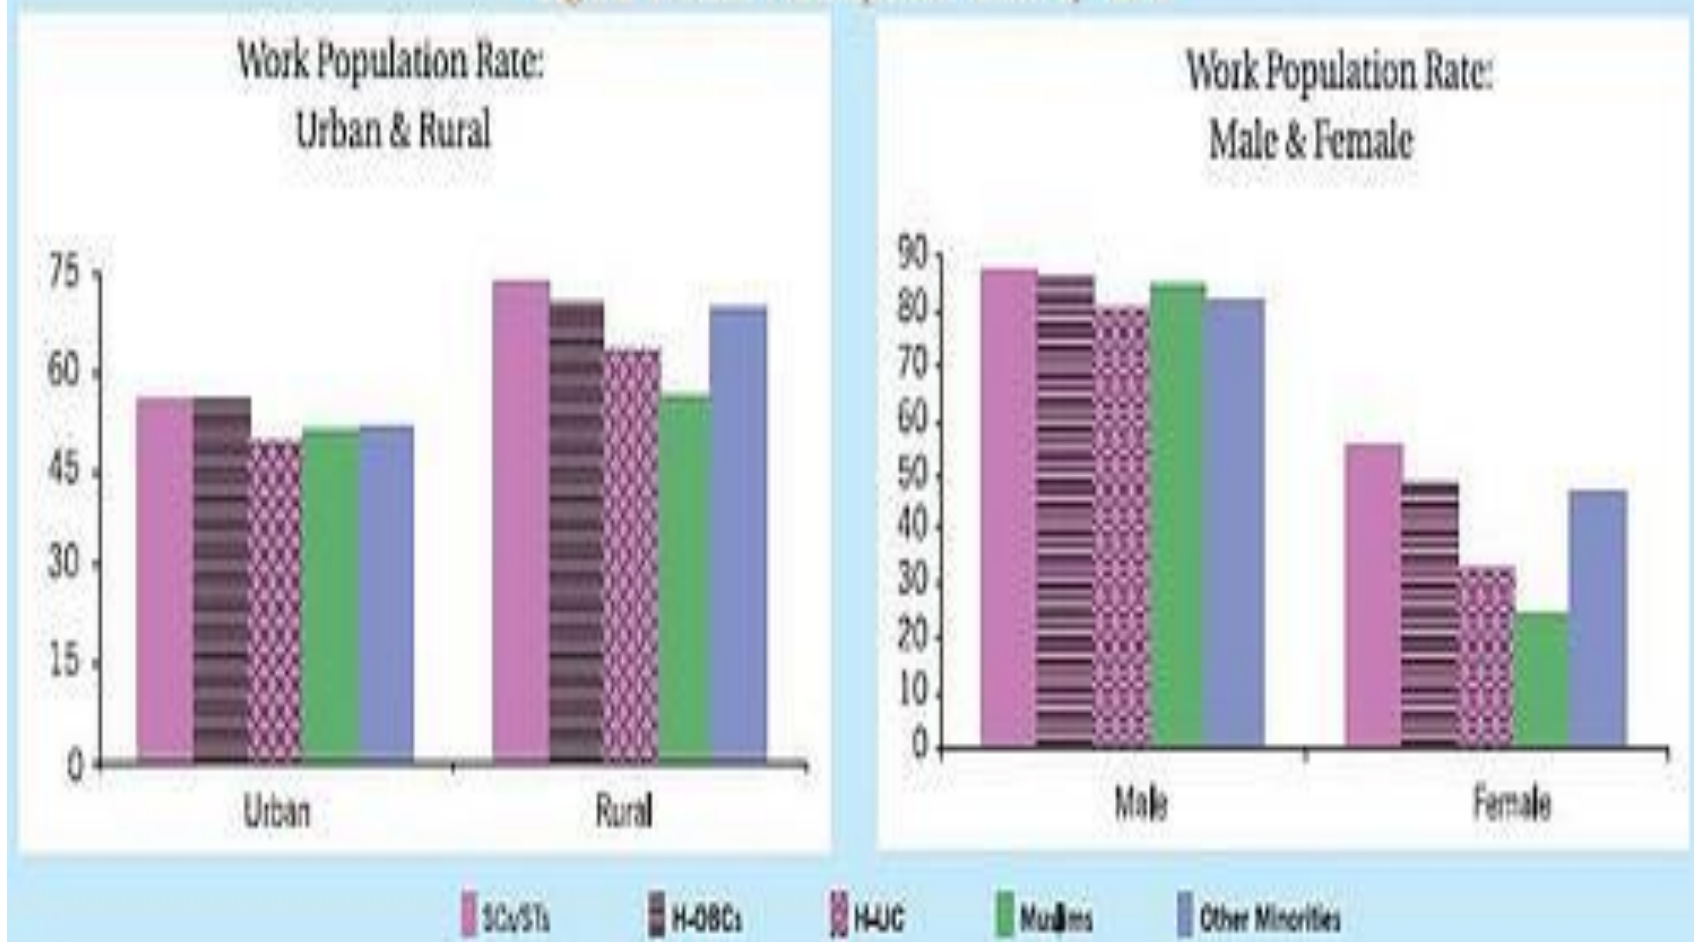

INDIAN MINORITIES

Problems Faced By Minorities In India

- Problem of Identity
- Problem of Security
- Problem Relating to Equity
- Problem of Communal Tensions and Riots
- Lack of Representation in Civil Service and Politics
- Failure to Stick on Strictly to Secularism

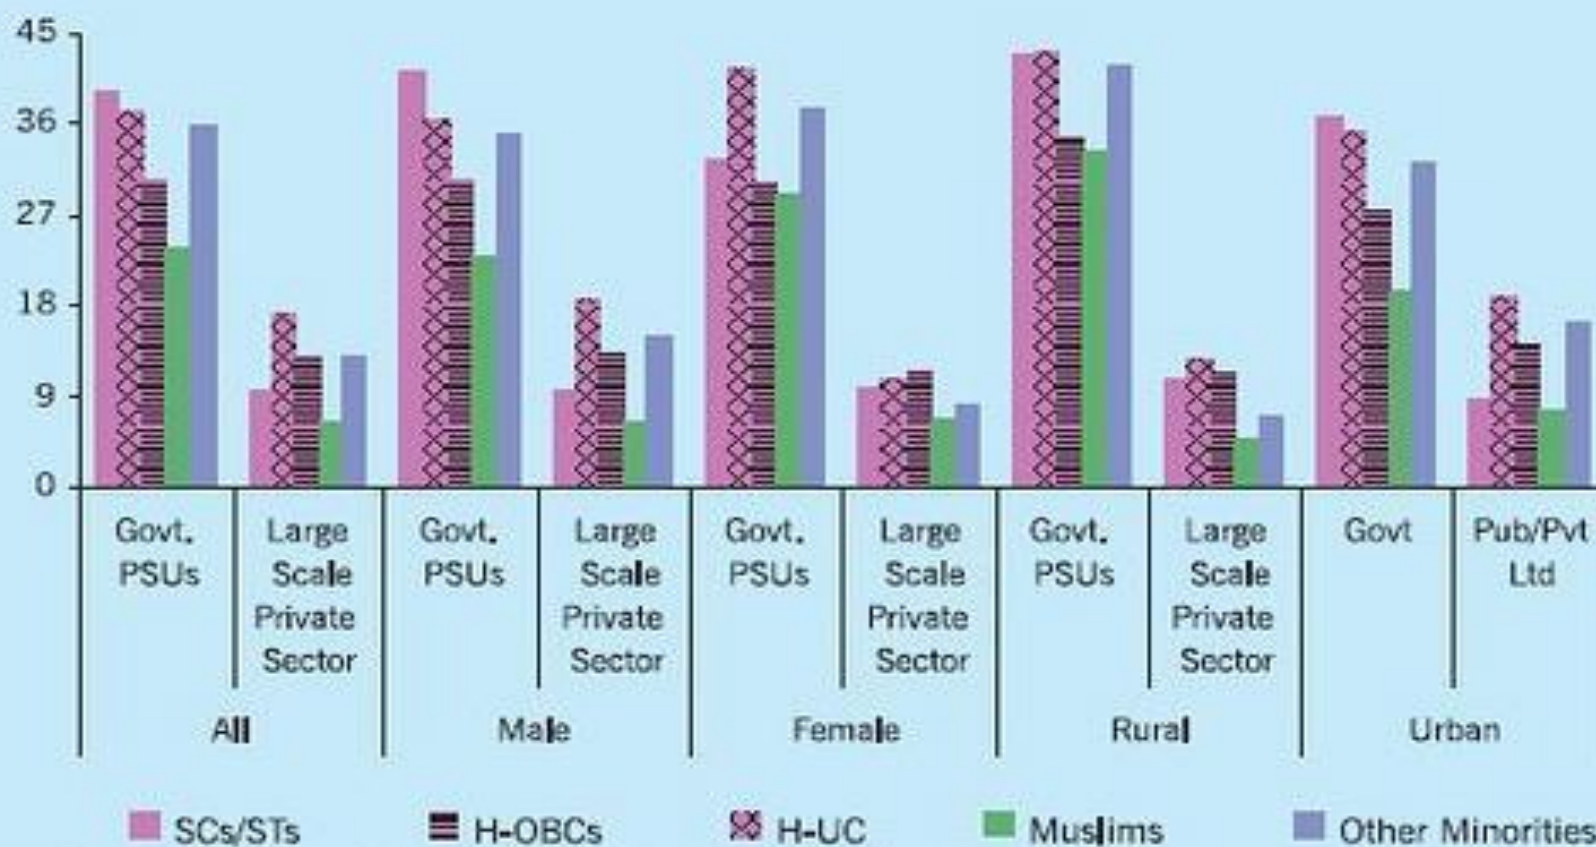

MINORITIES ON ECONOMIC LADDER

Fig 5.1: Worker Participation Rates by SRCs

MINORITIES ON ECONOMIC LADDER

Fig 5.5: Share of Regular Workers in Each SRCs Employed in Government Sector and in Large Private Enterprises, 2004-05

Note: Large Private Sector Includes both public and private limited companies

MINORITIES ON ECONOMIC LADDER

- ❑ The Buddhists community have the highest WPR among the minorities (47.22 per cent).
- ❑ Among the males, the Sikh men (55.14 per cent) have the highest work participation rate, especially the urban men (55.55 per cent.)
- ❑ Buddhist women (40.53 per cent) showed a high WPR among the females, especially the rural women (50.54 per cent). In urban areas, Sikh women have the lowest WPR (15.30 per cent), while it is highest among Parsi women (33.82 per cent).
- ❑ Muslim-OBCs are significantly deprived in comparison to Hindu-OBCs. The work participation rate (WPR) shows the presence of a sharp difference between Hindu-OBCs (67%) and the Muslims. The share of Muslim-OBCs in government/ PSU jobs is much lower than Hindu-OBCs.
- ❑ The presence of Muslims has been found to be only 3% in the IAS, 1.8% in the IFS and 4% in the IPS.
- ❑ Muslim community has a representation of only 4.5% in Indian Railways while 98.7% of them are positioned at lower levels. Representation of Muslims is very low in the Universities and in Banks. Their share in police constables is only 6%, in health 4.4%, in transport 6.5%.

MINORITIES ON ECONOMIC LADDER

Employment Condition of Muslims:

- ❑ Muslims have the lowest share of working people - about **33%** - among all religious communities in India.
- ❑ **11.61** crore Muslims are the part of non-working population.
- ❑ Less than **24%** of regular workers from the Muslim community are employed in the public sector or in government jobs.
- ❑ Only about 27 per cent of the Muslim workers in urban areas are engaged in regular work while the share of such workers among SCs/STs, OBCs and Hindu UC workers is 40, 36 and 49 per cent respectively
- ❑ Higher presence in '*persons below poverty line*'.
- ❑ The participation of Muslims in the self-help groups (SHGs) and other micro-credit programs is very limited. The review of government programmes suggests that Muslims have not benefited much from them.

Socio-economic Conditions Of Muzaffarnagar District

- ❑ Sex ratio is low in the district (871 per thousand) as compared to the state (898 per thousand).
- ❑ Family size of Muslim households is higher (7.09) than that of other religious groups.
- ❑ Health facilities at sub-centres and PHCs are not as satisfactory as that of private health centres.
- ❑ Average expenditure in treatment of diseases is higher in Muslim households i.e. Rs.3091, whereas in Hindu and Sikh households, it is Rs.2807 and Rs.1867, respectively.
- ❑ Encouraging trend has been found in dairy related activities (36.67 per cent) than that of other non-agricultural activities like- fishery, manufacturing activities, service activities, etc.
- ❑ 14. Out of total 30 surveyed villages, it has been found that in 23 villages (76.67 per cent), people are engaged in artisan/handicraft activities. However, it has been reported that training, credit and other facilities are almost non-existent, which is a matter of serious concern.

Socio-economic Conditions Of Muzaffarnagar District

- ❑ Due to poor living condition, the average longevity of life among Muslims is shorter than that of other religious groups.
- ❑ **Most of the rural population lives below the poverty line.**
- ❑ 71.11 per cent surveyed households are landless in the district, in which the proportion of Muslims is higher (81.84 per cent) than that of Hindus (65.84 per cent). Average land holding of Muslims has been found low as compared to Hindus and Sikhs.
- ❑ The unemployment proportion is higher in Muslims i.e. 0.27 per cent than that of Hindus, which is 0.22 per cent. Average income is **higher among Sikhs (Rs.64919)** and **least among Muslims (Rs.37975)**. In the same way, average expenditure is also higher among Sikhs (Rs.54993) and least among Muslims (Rs.37385).
- ❑ Majority of households have **taken loan from non-institutional sources (78.23 per cent)**. Institutional loan is recorded only 21.77 per cent.
- ❑ Improved **Electricity Supply** is the most important need of the rural areas.
- ❑ **People give first priority to the dairy related activities** (55.60 per cent) Development of dairy cooperative in the area is the need of the hour.
- ❑ Lack of access to **regular jobs**, especially in the public sector has been a general **concern among the Muslim** population
- ❑ Muslim workers are concentrated in self-employed activities followed by casual labour.

MINORITITES IN POLITICAL SYSTEM

- ❑ Religious minorities other than Muslims find better representation in the Lok Sabha.
- ❑ Sikhs have a representation score of 0.3 percentage points.
- ❑ Christians, Buddhists and Jains each have a score of -1 percentage point or less.
- ❑ Muslims constitute 14.2 per cent as per the 2011 Census so proportionally speaking they should have had 77 seats in the 16th Lok Sabha. Thus, the under-representation rate stands at a whopping 71.42 per cent for Indian Muslims.

MINORITITES IN PILITICAL SYSTEM

Political Status Of Muslims:

- ❑ Muslim's representation in the 16th Lok Sabha has hit an all-time low at 22, while there is none from Uttar Pradesh. This is the worst in the history of Indian Parliament.
- ❑ Majority of Muslims remained as landless laborers or engaged in various forms of manual semi-skilled labor.
- ❑ Recent actions directed against Muslims have resulted in large-scale destruction of Muslim wealth & business, have further reduced the enthusiasm, security, and confidence that any community requires for economic advancement.
- ❑ Lack of appropriate community leadership and the organizational mobilization necessary to bring to light and work to address the social, economical, educational and political marginalization of a large section of the country's Muslims.

MAJOR REASONS FOR INEFFECTIVENESS OF DEVELOPMENT PROGRAMS:

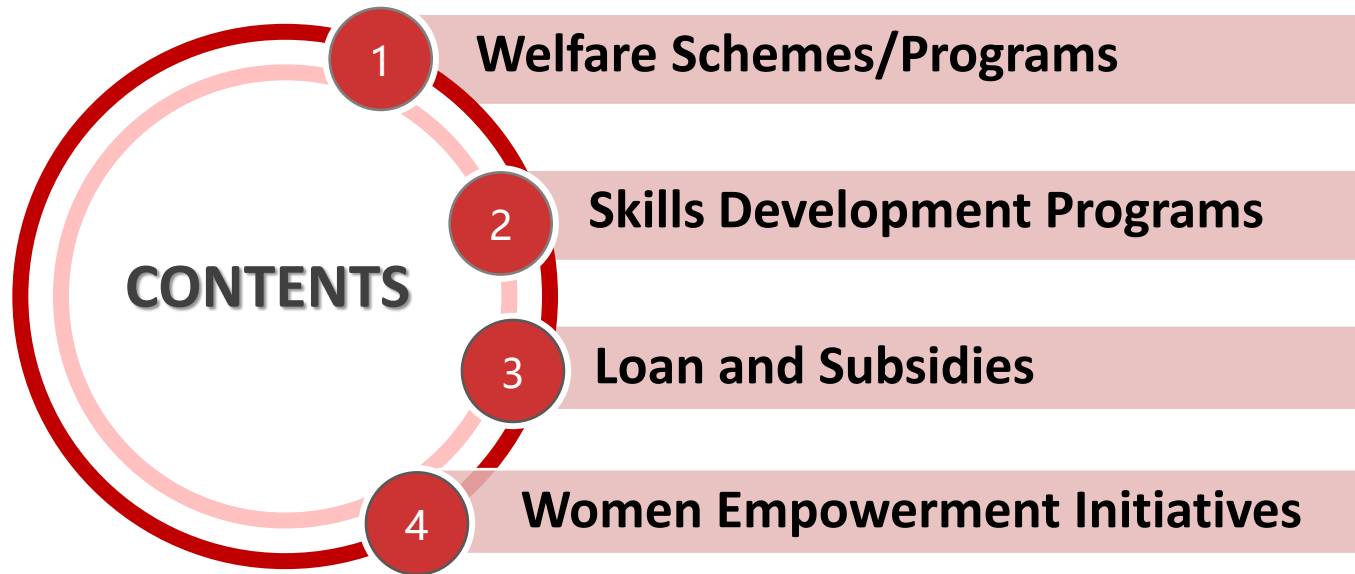

- ❑ No provision for creating awareness about interventions.
- ❑ There is a critical need to address the gap between government schemes and programs and access by the community. The recent report from the Ministry of the Minority affairs reveals that the financial allocations for development minorities have been underutilized. In the 11th National 5 Year Plan the outlay for religious minorities was Rs.1400 crore, but only 35% of the total amount allocated was used.
- ❑ Lack of training centres in rural areas.
- ❑ Cumbersome application procedures.

THE WAY FORWARD

IMEDA is working towards:

- ❑ Setup Imeda coordinator centres at district, block and tehsel levels so that rural (needy) people can get the maximum benefits of the government, schemes, and programs.
- ❑ Mobilizing and building awareness on minority's rights, welfare programs, skill development programs, employment and other schemes.
- ❑ Creating awareness on credit/loan facilities and Subsidies.
- ❑ Encourage local artisans, handicraft and household industries among minorities and weaker sections of the society, facilitate training & development programs, and support them in marketing of finished goods using various digital platforms.

4. Rupay Card – PMJDY के तहत RuPay Card Ki Subidha Milti Hai

5. Zero Balance Facilitiv

UMANG

UMANG (Unified Mobile Application for New-Age Governance) is one of the key initiatives under the Digital India program to develop a common, unified platform and mobile app to facilitate a single point of access to all government services. It is envisaged to act as a master application, which will integrate 200 applications which will offer around 1,200 services of various government departments of the Centre, states and local bodies, and even some important utility services from the private sector. Its primary aim is to abridge inconvenience faced by users in managing multiple mobile apps and facilitate a one-stop-solution to avail varied government services.

Website. <https://umang.gov.in>

Passport Seva Project

Passport Seva enables simple, efficient and transparent processes for delivery of passport and related services. Apart from creating a countrywide networked environment for Government staff, it integrates with the State Police for physical verification of applicant's credentials and with India Post for delivery of passports. The Passport Seva Project is transforming passport and related services in India to provide a best-in-class experience to Indian citizens. PSP is enabling MEA to deliver passport services in a reliable, convenient and transparent manner, within defined service levels.

Website. <http://www.passportindia.gov.in/>

PUSA KRISHI

With the vision to take technology to the farm fields, Pusa Krishi application was developed. The app helps the farmers to find easy solutions to problems in their farm fields and get information about weather and accordingly take measures to save crops. It also offers information related to new varieties of crops developed by Indian Council of Agriculture Research (ICAR), resource conserving cultivation practices as well as farm machinery and its implementation will help in increasing returns to farmers.

Website. <http://agricoop.nic.in/recentinitiatives/mobile-apps-kisan-suvidha-and-pusa-krishi-launched>

NATIONAL CAREER SERVICE PORTAL

A national ICT based portal has been developed, primarily to connect opportunities with the aspirations of the youth. This portal facilitates registration of job seekers, job providers, skill providers, career counselors, etc. Additionally, it provides job matching services in a highly transparent and user-friendly manner. These facilities along with career counseling will be delivered by the portal through multiple channels like career centers, mobile devices, CSCs, etc.

Website. <https://www.ncs.gov.in/>

NATIONAL SCHOLARSHIP PORTAL (NSP)

NSP is a one-stop solution for end-to-end scholarship process right from the submission of student application, verification, sanction and disbursal to end beneficiary for all the scholarships provided by the Government of India. This initiative aims at providing a Simplified, Mission-oriented, Accountable, Responsive & Transparent 'SMART' System for faster & effective disposal of Scholarships applications and delivery of funds directly into beneficiaries account without any leakages.

Website. <http://scholarships.gov.in/>

NATIONAL VOTERS SERVICE PORTAL (NVSP)

The portal was developed with an aim to provide single window service electors. Through NVSP, a user can avail and access various services such as access the electoral list, apply for voter id card, apply online for corrections in voter's card, view details of Polling booth, Assembly Constituency and Parliamentary constituency, and get the contact details of Booth Level officer, Electoral Registration Officer, among other services.

NATIONAL LIVESTOCK MISSION

The National Livestock Mission was launched in 2014 with the objective to encourage formation of groups of farmers and cooperatives/producers companies of small and marginal farmers/livestock owners. It promotes innovative pilot projects and mainstreaming of successful pilots relating to livestock sector. IT provides infrastructure and linkages for marketing, processing and value addition, as forward linkage for the farmer's enterprises. State Governments are mandated, as far as possible, to cover physically 30% women farmers/beneficiaries under this mission.

SIKHO OUR KAMAO

Scheme launched by Ministry of Minority Affairs of Central Government but implemented by State Governments. Under this scheme the action is taken against unemployment and unskilled minority population. It is made sure that mass population which is unemployed and with no skills are given training first and then they are introduced to opportunities to earn.

Eligibility:

- Person should be above 18 years of age
- Person should be unemployed
- Person should be from minority community

Document required for the scheme:

- Birth Certificate
- Residence proof (e.g. electricity bill, water bill, gas connection bill)
- Minority community declaration – affidavit on non-judicial stamp paper by the student that he/she belongs to any one of the minority communities notified by Central Government
- Education proofs like mark sheets, degrees and certificates (if any)
- Family annual income

Where to contact for getting benefits of Seekho Aur Kamao Scheme:

- Employment Office
- Municipal Corporation
- Gram Panchayats
- Project implementing agencies (institutes or companies providing training)

NAI MANZIL

All backward minorities are included in this scheme.

The scheme aims to benefit the minority youths in the age group of 17 to 35 years who are school-dropouts or educated in the community education institutions like Madaras, by providing them an integrated input of formal education (up till Class VIII or X) and skill training along with certification, with a view of enabling them to seek better employment in the organized sector and equipping them with better lives. Minimum 30% seats are earmarked for minority girls.

Women Empowerment

PROVISION FOR WOMEN UNDER NATIONAL MISSION FOR SUSTAINABLE AGRICULTURE

National Mission for Sustainable Agriculture (NMSA) makes agriculture more productive, sustainable, remunerative and climate resilient by promoting location specific integrated/composite farming systems. It also conserves natural resources through appropriate soil and moisture conservation measures. It emphasizes on soil and water conservation, water use efficiency, soil health management and rainfed area development. At least 50% of the allocation is to be utilized for small, marginal farmers of which at least 30% are to be women beneficiaries/farmers.

PROVISION FOR WOMEN UNDER INTEGRATED SCHEME FOR AGRICULTURE MARKETING

This scheme aims towards promoting creation of agricultural marketing infrastructure by providing backend subsidy support to registered persons and groups including women and SHGs. It promotes creation of scientific storage capacity and to promote pledge financing to increase farmers' income. It provides farmers with access to competitive markets with adequate infrastructure including cold chain logistics, to enable them to realize better prices.

33.33% subsidy (on capital cost) is giving to women as compared to 25% for men. Subsidy ceiling (up to 1000 MT is Rs. 1166.55), more than 1000 MT and up to 30000 MT is Rs. 1000.00, maximum ceiling of Rs 300.00 Lakhs) for women and subsidy ceiling (up to 1000 MT in Rs/MT-875.00, more than 1000MT and upto 30000 MT in Rs/MT -750.00), maximum ceiling (Rs 225.00 Lakhs) for men.

For more details- <http://agricoop.nic.in/sites/default/files/finalopguidelines.pdf>

NAI ROSHNI

- The scheme is envisaged to reach out to women through nongovernmental organizations who will be provided with financial support.
- Conducting leadership development trainings so that women are empowered and emboldened to move out of the confines of home and community.
